Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.

Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. 95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. 55. *Mr. Peacock*—Enquiry of the Ministry—1. How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. Child Welfare. 8. What has the Director of Child Welfare done to acquaint herself with the various treatment programs that are available in the Province. 9. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. 90. *Mr. Brown*—Enquiry of the Ministry—1. How many children are currently placed in reform institutions in the Province. 2. What is the highest cost, the lowest cost and the average cost, for treating these children. 3. How many children who are currently in reform institutions in Ontario are emotionally disturbed. 4. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would

the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone

could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, *the cardholder will remain responsible for payment of all indebtedness incurred through use of such credit*". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

97. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What were the total (estimated) salaries of the Department of Education for 1968-69 and what are the total (estimated) salaries for 1969-70. What were the total (estimated) travelling expenses of the Department of Education for 1968-69 and what are the total (estimated) travelling expenses for 1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying

to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.

100. *Mr. Nixon*—Enquiry of the Ministry—Will the Minister of Energy and Resources Management table the locations of any thermal-process phosphoric acid production plants in operation in Ontario, together with a list of the emission abatement devices in use at each facility at a given recent date.
101. *Mr. Innes*—Enquiry of the Ministry—1. Will the Minister of Highways table full details of the grading and paving contract No. 69/51—Bruce Peninsula. Who were the bidders on this contract, who was the successful bidder, what were the amounts of each contract. How many miles of highway are involved in the one contract. What is the completion date. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.

Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying

to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.

100. *Mr. Nixon*—Enquiry of the Ministry—Will the Minister of Energy and Resources Management table the locations of any thermal-process phosphoric acid production plants in operation in Ontario, together with a list of the emission abatement devices in use at each facility at a given recent date.
101. *Mr. Innes*—Enquiry of the Ministry—1. Will the Minister of Highways table full details of the grading and paving contract No. 69/51—Bruce Peninsula. Who were the bidders on this contract, who was the successful bidder, what were the amounts of each contract. How many miles of highway are involved in the one contract. What is the completion date. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.

13. *Mr. Jessiman*—Resolution—That financial assistance should be provided to needy students in our primary and secondary schools, as well as in university to ensure that no one is forced to drop out of the school system as a result of economic pressure.
18. *Mr. Peacock*—Resolution—That, in the opinion of this House, the Ontario Housing Corporation, in respect to the displacement of tenants from lands acquired directly or at arm's length by the corporation, should be subject to the provisions of The Expropriations Act, 1968-69, (Bill 5), in the same manner as the Crown.
27. *Mr. Brown*—Resolution—That, in the opinion of this House, persons on Old Age Security and/or welfare allowances and/or Unemployment Insurance should be carried free of charge on the GO train service.
29. *Mr. Peacock*—Motion for return—For agreement between Ontario Housing Corporation and Montreal Trust Company effective May 1, 1969 respecting the Flemingdon Park and Tandridge public housing projects, and any associated papers showing the comparative costs of administrative, inside and outside maintenance and any other management services, apart from amortization costs, to be undertaken by Montreal Trust Company as against the cost of these services now provided by O.H.C. showing (a) the total cost, and (b) labour cost per unit or for each project.
33. *Mr. Nixon*—Motion—Because of the resignation of the entire staff of the Indian Development Branch and the complete lack of policy and program put forward by the government in relation to Indian matters, this House has no confidence in the government, and in particular censures the Minister of Social and Family Services and believes his service in the government is no longer in the best interests of Ontario.
35. *Mr. Lawlor*—Motion—That the Minister of Health be called before the Committee on Privileges and Elections to explain his refusal to allow Members of this House entrance to institutions under his control.
37. *Mr. Ben*—Resolution—That this House resolves the following reforms are immediately necessary in the Health Services legislation of this Province.

 3. That coverage for medical services shall extend

to one hundred per cent of a negotiated and controlled OMA fee schedule which will detail specialized services at appropriate rates, related to the degree of training, skill and excellence required. 4. That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. That, meanwhile, refund of administration costs to the private agents shall not exceed six per cent of the gross premiums collected by that particular agent.

QUESTIONS

27. *Mr. Deans*—Enquiry of the Ministry—What percentage cost for elementary and secondary school education are presently borne by the province.
48. *Mr. Breithaupt*—Enquiry of the Ministry—Will the Minister of Health table the results of any recent researches available to him on current levels of pesticide residues in lards, fats and shortenings. To what extent are organochlorines being stored in fats, and what are the implications for long-term tolerance in humans. Is the Minister aware of the publication this week of the Report of the British Association of Public Analysts on this matter. Are limited quantities for the human intake of aldrin, dieldrin lead, arsenic and mercury prescribed in Ontario. If not, why not.
55. *Mr. Peacock*—Enquiry of the Ministry—1. How many units of family and senior citizens housing has Ontario Housing Corporation proposed to include in the plans for development of the Malvern Project, now before the Scarborough planning board, and when will the first of these be ready for occupancy. 2. What population density (persons per residential acre) is envisaged in the plans before the Scarborough planning board. 3. How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. What are the specific services required for the development of the Malvern Project—sewers, schools, etc.—to which the Ontario Government will contribute, what is the total cost of each service and what is the proportion to be assumed by the province.
58. *Mr. Peacock*—Enquiry of the Ministry—1. Is the inclusion of a day care centre in the builder proposals for the first phase of the Chapel Glen Village condominium development a condition of acceptance of a proposal by OHC. If not, why not. 2. What portion of the \$25,000,000 cost of construction of the first phase will be provided out of the 1969-70 advance to OHC. 3. What amount has been contributed by OHC to the recreational centre, and what is the total amount to be contributed. 4. Will the land on which the units are sited be included in the description of the common elements.

88. *Mr. Brown*—Enquiry of the Ministry—During the short tenure of the Accreditation Committee, a number of centres were visited which never received official accreditation, although they were approved by the Accreditation Committee. 1. Would the Minister of Health list such centres. 2. Would the Minister table the costs, for 1968-69, of C.P.R.I., for the following: capital costs, costs of maintaining buildings and property, staff costs, costs related to the clothing, housing and feeding of children, all other costs. 3. Would the Minister table the costs, for 1968-69, for the following: capital costs, costs of maintaining buildings and property, staff costs, costs related to the clothing, housing and feeding of children, all other costs, for the following centres: Thistle town, Lakeshore Hospital, Warrendale Treatment Program, Kingston Psychiatric Unit for Children, Sudbury Psychiatric Unit for Children. 4. How much monies were allotted to Boy's Village from any source within the Department of Health for the year 1968-69. 5. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. What was the constructive purpose of these expenditures. 12. With regard to those workers within the Department who deal directly with emotionally disturbed children, what are the educational backgrounds of these workers. 13. What prior experience in the treatment of emotionally disturbed children have these workers had.
89. *Mr. Brown*—Enquiry of the Ministry—1. Could the Minister of Social and Family Services table all the regulations related to the control by the Child Welfare Branch of the placement of children in Ontario Hospitals, residential treatment centres, charitable institutions, boarding homes, or other facilities. 2. If regulations do not exist defining the powers of the Child Welfare Branch in these areas, does the Director of the Child Welfare Branch get her authority for her intervention from the Deputy Minister, the Minister, or other administrative staff. 3. Is this authority in the form of a letter, a memo, or other document. 4. If so, could such a document be tabled. 5. If this authority is verbal, what is its content, and by whom is it issued. 6. Why does the Director of Child Welfare refuse placement of children in space that is available, thereby allowing the children to be sent to higher cost facilities, inappropriate facilities for their needs, or to be left untreated. 7. Are there political reasons why certain treatment facilities, particularly the Browndale program, are not free to receive the children who are appropriately referred by referring agencies, without the approval of the Director of Child Welfare. 8. What has the Director of Child Welfare done to acquaint herself with the various treatment programs that are available in the Province. 9. Why does the Director of Child Welfare sponsor Boy's Village, when it has not been approved by the Department of Health Accreditation Committee. 10. Has the Department of Social

and Family Services intervened in the placement of any children in Ontario, in psychiatric wards or psychiatric hospitals, in effect by-passing the normal in-take procedures of such facilities. 11. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. Does the Minister's Department make a distinction between retarded children and emotionally disturbed children. 14. If so, would the Minister define the distinction and/or difference, as reflected in the programs for treating these children. 15. Has the Minister done anything to assess the current incidence of emotional disturbance, and identify areas, age groups and locations of greatest need. 16. What is the role of the Deputy Minister of Child Welfare in (a) defining regulations; (b) establishing policies; and (c) exerting political intervention in the determination of placements or rejections of placements of children who are emotionally disturbed. 17. Would the Minister define the "authority chain" within his Department, with special attention to the Department of Child Welfare, defining who is answerable to whom, who takes directions from whom, and who establishes economic priorities and long-range plans. 18. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 19. 90. *Mr. Brown*—Enquiry of the Ministry—1. How many children are currently placed in reform institutions in the Province. 2. What is the highest cost, the lowest cost and the average cost, for treating these children. 3. How many children who are currently in reform institutions in Ontario are emotionally disturbed. 4. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. Would the Minister indicate the form in which

these assessments are made. 12. How many Indian children are there in the reform institutions. 13. What are the home communities of these children. 14. What is the reason for these children to have been sent to the reform schools. 15. What is the budget for 1969-70 for the Institutions Division of the Department. 16. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, the cardholder will remain responsible for payment of all indebtedness incurred through use of such

credit". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

97. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What were the total (estimated) salaries of the Department of Education for 1968-69 and what are the total (estimated) salaries for 1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLEVISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.

That private carrier participation in the Ontario Health Services scheme (OHSIP) shall end by September 30th, 1970. 6. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. 95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, the cardholder will remain responsible for payment of all indebtedness incurred through use of such

credit". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.

18. *Mr. Peacock*—Resolution—That, in the opinion of this House, the Ontario Housing Corporation, in respect to the displacement of tenants from lands acquired directly or at arm's length by the corporation, should be subject to the provisions of The Expropriations Act, 1968-69, (Bill 5), in the same manner as the Crown.

33. *Mr. Nixon*—Motion—Because of the resignation of the entire staff of the Indian Development Branch and the complete lack of policy and program put forward by the government in relation to Indian matters, this House has no confidence in the government, and in particular censures the Minister of Social and Family Services and believes his service in the government is no longer in the best interests of Ontario.

How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. 90. *Mr. Brown*—Enquiry of the Ministry—1. How many children are currently placed in reform institutions in the Province. 2. What is the highest cost, the lowest cost and the average cost, for treating these children. 3. How many children who are currently in reform institutions in Ontario are emotionally disturbed. 4. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, the cardholder will remain responsible for payment of all indebtedness incurred through use of such

credit". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

97. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What were the total (estimated) salaries of the Department of Education for 1968-69 and what are the total (estimated) salaries for 1969-70. What were the total (estimated) travelling expenses of the Department of Education for 1968-69 and what are the total (estimated) travelling expenses for 1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.
100. *Mr. Nixon*—Enquiry of the Ministry—Will the Minister of Energy and Resources Management table the locations of any thermal-process phosphoric acid production plants in operation in Ontario, together with a list of the emission abatement devices in use at each facility at a given recent date.

101. *Mr. Innes*—Enquiry of the Ministry—1. Will the Minister of Highways table full details of the grading and paving contract No. 69/51—Bruce Peninsula. Who were the bidders on this contract, who was the successful bidder, what were the amounts of each contract. How many miles of highway are involved in the one contract. What is the completion date. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.

18. *Mr. Peacock*—Resolution—That, in the opinion of this House, the Ontario Housing Corporation, in respect to the displacement of tenants from lands acquired directly or at arm's length by the corporation, should be subject to the provisions of The Expropriations Act, 1968-69, (Bill 5), in the same manner as the Crown.

33. *Mr. Nixon*—Motion—Because of the resignation of the entire staff of the Indian Development Branch and the complete lack of policy and program put forward by the government in relation to Indian matters, this House has no confidence in the government, and in particular censures the Minister of Social and Family Services and believes his service in the government is no longer in the best interests of Ontario.

Could the Minister assure the House that those conditions no longer exist. 10. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. 95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.

99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. 18. *Mr. Peacock*—Resolution—That, in the opinion of this House, the Ontario Housing Corporation, in respect to the displacement of tenants from lands acquired directly or at arm's length by the corporation, should be subject to the provisions of The Expropriations Act, 1968-69, (Bill 5), in the same manner as the Crown.

33. *Mr. Nixon*—Motion—Because of the resignation of the entire staff of the Indian Development Branch and the complete lack of policy and program put forward by the government in relation to Indian matters, this House has no confidence in the government, and in particular censures the Minister of Social and Family Services and believes his service in the government is no longer in the best interests of Ontario.

Is the Minister aware of the publication this week of the Report of the British Association of Public Analysts on this matter. Are limited quantities for the human intake of aldrin, dieldrin lead, arsenic and mercury prescribed in Ontario. If not, why not.
55. *Mr. Peacock*—Enquiry of the Ministry—1. How many units of family and senior citizens housing has Ontario Housing Corporation proposed to include in the plans for development of the Malvern Project, now before the Scarborough planning board, and when will the first of these be ready for occupancy. 2. How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. What are the specific services required for the development of the Malvern Project—sewers, schools, etc.—to which the Ontario Government will contribute, what is the total cost of each service and what is the proportion to be assumed by the province.
58. *Mr. Peacock*—Enquiry of the Ministry—1. Is this authority in the form of a letter, a memo, or other document. 4. If so, could such a document be tabled. 5. If this authority is verbal, what is its content, and by whom is it issued. 6. Why does the Director of Child Welfare refuse placement of children in space that is available, thereby allowing the children to be sent to higher cost facilities, inappropriate facilities for their needs, or to be left untreated. 7. Are there political reasons why certain treatment facilities, particularly the Browndale program, are not free to receive the children who are appropriately referred by referring agencies, without the approval of the Director of Child Welfare. 8. With regard to those workers within the Department who deal directly with children, what are the educational backgrounds of these workers. 17. What prior experience with the treatment of children have these workers had. 18. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 19. What was the constructive purpose of these expenditures.

What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, the cardholder will remain responsible for payment of all indebtedness incurred through use of such

credit". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

97. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What were the total (estimated) salaries of the Department of Education for 1968-69 and what are the total (estimated) salaries for 1969-70. What were the total (estimated) travelling expenses of the Department of Education for 1968-69 and what are the total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.
102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.
103. *Mr. Peacock*—Enquiry of the Ministry—1. What were the total costs—fees and expenses—of the project report “The Impact of the Equalisation of Industrial Opportunity Program” prepared for the Ontario Development Corporation by Stevenson and Kellogg Ltd., Management Consultants. 2. Does the project report’s estimate of \$3.5 million in annual Ontario corporate income tax to be paid by those companies receiving ODC forgiveness loans to date, indicate pre-tax profits of approximately \$30 million representing a return on their ODC-assisted investment of about 30 per cent.
104. *Mr. Pitman*—Enquiry of the Ministry—1. How much money has been borrowed since January 1, 1969, from financial institutions by each of the 38 county boards of education in order to meet current expenses. 2. What is the total interest paid on these borrowings. 3. What percentage of this amount is as a result of the tardiness or lack of co-operation on the part of municipal authorities.

99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. 55. *Mr. Peacock*—Enquiry of the Ministry—1. How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. What are the specific services required for the development of the Malvern Project—sewers, schools, etc.—to which the Ontario Government will contribute, what is the total cost of each service and what is the proportion to be assumed by the province.
58. *Mr. Peacock*—Enquiry of the Ministry—1. Is the inclusion of a day care centre in the builder proposals for the first phase of the Chapel Glen Village condominium development a condition of acceptance of a proposal by OHC. Will the land on which the units are sited be included in the description of the common elements.
88. *Mr. Brown*—Enquiry of the Ministry—During the short tenure of the Accreditation Committee, a number of centres were visited which never received official accreditation, although they were approved by the Accreditation Committee. 1. Would the Minister of Health list such centres. 2. How much monies were allotted to Boy's Village from any source within the Department of Health for the year 1968-69. 5. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. Is this authority in the form of a letter, a memo, or other document. 4. If so, could such a document be tabled. 5. If this authority is verbal, what is its content, and by whom is it issued. 6. Why does the Director of Child Welfare refuse placement of children in space that is available, thereby allowing the children to be sent to higher cost facilities, inappropriate facilities for their needs, or to be left untreated. 7. Are there political reasons why certain treatment facilities, particularly the Browndale program, are not free to receive the children who are appropriately referred by referring agencies, without the approval of the Director of Child Welfare. 8. What has the Director of Child Welfare done to acquaint herself with the various treatment programs that are available in the Province. 9. Why does the Director of Child Welfare sponsor Boy's Village, when it has not been approved by the Department of Health Accreditation Committee. 10. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. Does the Minister's Department make a distinction

between retarded children and emotionally disturbed children. 14. If so, would the Minister define the distinction and/or difference, as reflected in the programs for treating these children. 15. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, *the cardholder will remain responsible for payment of all indebtedness incurred through use of such credit*". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

What were the total (estimated) travelling expenses of the Department of Education for 1968-69 and what are the total (estimated) travelling expenses for

1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.

98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. 99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.

101. *Mr. Innes*—Enquiry of the Ministry—1. Will the Minister of Highways table full details of the grading and paving contract No. 69/51—Bruce Peninsula. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.

102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLEVISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.
103. *Mr. Peacock*—Enquiry of the Ministry—1. What were the total costs—fees and expenses—of the project report “The Impact of the Equalisation of Industrial Opportunity Program” prepared for the Ontario Development Corporation by Stevenson and Kellogg Ltd., Management Consultants. 2. Does the project report’s estimate of \$3.5 million in annual Ontario corporate income tax to be paid by those companies receiving ODC forgiveness loans to date, indicate pre-tax profits of approximately \$30 million representing a return on their ODC-assisted investment of about 30 per cent.
104. *Mr. Pitman*—Enquiry of the Ministry—1. How much money has been borrowed since January 1, 1969, from financial institutions by each of the 38 county boards of education in order to meet current expenses. 2. What is the total interest paid on these borrowings. 3. What percentage of this amount is as a result of the tardiness or lack of co-operation on the part of municipal authorities.

58. *Mr. Peacock*—Enquiry of the Ministry—1. Is the inclusion of a day care centre in the builder proposals for the first phase of the Chapel Glen Village condominium development a condition of acceptance of a proposal by OHC. Will the land on which the units are sited be included in the description of the common elements.
88. *Mr. Brown*—Enquiry of the Ministry—During the short tenure of the Accreditation Committee, a number of centres were visited which never received official accreditation, although they were approved by the Accreditation Committee. 1. Would the Minister of Health list such centres. 2. Would the Minister table the costs, for 1968-69, of C.P.R.I., for the following: capital costs, costs of maintaining buildings and property, staff costs, costs related to the clothing, housing and feeding of children, all other costs. 3. Would the Minister table the costs, for 1968-69, for the following: capital costs, costs of maintaining buildings and property, staff costs, costs related to the clothing, housing and feeding of children, all other costs, for the following centres: Thistle town,

How much monies were allotted to Boy's Village from any source within the Department of Health for the year 1968-69. 5. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. What was the constructive purpose of these expenditures. 12. With regard to those workers within the Department who deal directly with emotionally disturbed children, what are the educational backgrounds of these workers. 13. 89. *Mr. Brown*—Enquiry of the Ministry—1. Could the Minister of Social and Family Services table all the regulations related to the control by the Child Welfare Branch of the placement of children in Ontario Hospitals, residential treatment centres, charitable institutions, boarding homes, or other facilities. 2. If regulations do not exist defining the powers of the Child Welfare Branch in these areas, does the Director of the Child Welfare Branch get her authority for her intervention from the Deputy Minister, the Minister, or other administrative staff. 3. Is this authority in the form of a letter, a memo, or other document. 4. If so, could such a document be tabled. 5. If this authority is verbal, what is its content, and by whom is it issued. 6. Why does the Director of Child Welfare refuse placement of children in space that is available, thereby allowing the children to be sent to higher cost facilities, inappropriate facilities for their needs, or to be left untreated. 7. Are there political reasons why certain treatment facilities, particularly the Browndale program, are not free to receive the children who are appropriately referred by referring agencies, without the approval of the Director of Child Welfare. 8. What has the Director of Child Welfare done to acquaint herself with the various treatment programs that are available in the Province. 9. Why does the Director of Child Welfare sponsor Boy's Village, when it has not been approved by the Department of Health Accreditation Committee. 10. Has the Department of Social and Family Services intervened in the placement of any children in Ontario, in psychiatric wards or psychiatric hospitals, in effect by-passing the normal in-take procedures of such facilities. 11. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. Does the Minister's Department make a distinction

between retarded children and emotionally disturbed children. 14. If so, would the Minister define the distinction and/or difference, as reflected in the programs for treating these children. 15. Has the Minister done anything to assess the current incidence of emotional disturbance, and identify areas, age groups and locations of greatest need. 16. What is the role of the Deputy Minister of Child Welfare in (a) defining regulations; (b) establishing policies; and (c) exerting political intervention in the determination of placements or rejections of placements of children who are emotionally disturbed. 17. Will the Minister table the correspondence between his Department and the Department of Social Welfare of the State of South Dakota.

90. *Mr. Brown*—Enquiry of the Ministry—1. How many children are currently placed in reform institutions in the Province. 2. What is the highest cost, the lowest cost and the average cost, for treating these children. 3. How many children who are currently in reform institutions in Ontario are emotionally disturbed. 4. How many children are currently in reform institutions in Ontario for whom other placement was recommended by clinics or special clinical staff. 5. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. Would the Minister indicate the form in which these assessments are made. 12. How many Indian children are there in the reform institutions. 13. What are the home communities of these children. 14. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, *the cardholder will remain responsible for payment of all indebtedness incurred through use of such credit*". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.
97. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What were the total (estimated) salaries of the Department of Education for 1968-69 and what are the total (estimated) salaries for 1969-70. What were the total (estimated) travelling expenses of the Department of Education for 1968-69 and what are the total (estimated) travelling expenses for

1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.

98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. Will the Minister take note that the transfer and resale of used cars, and their certification, must be related to any new legislation if it is to be effective, in view of recent California experience.
100. *Mr. Nixon*—Enquiry of the Ministry—Will the Minister of Energy and Resources Management table the locations of any thermal-process phosphoric acid production plants in operation in Ontario, together with a list of the emission abatement devices in use at each facility at a given recent date.
101. *Mr. Innes*—Enquiry of the Ministry—1. Will the Minister of Highways table full details of the grading and paving contract No. 69/51—Bruce Peninsula. Is there a penalty. 2. What is the timetable for completing the regrading and resurfacing of this highway through to Tobermory. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.

102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, subsection 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.
103. *Mr. Peacock*—Enquiry of the Ministry—1. What were the total costs—fees and expenses—of the project report “The Impact of the Equalisation of Industrial Opportunity Program” prepared for the Ontario Development Corporation by Stevenson and Kellogg Ltd., Management Consultants. 2. Does the project report’s estimate of \$3.5 million in annual Ontario corporate income tax to be paid by those companies receiving ODC forgiveness loans to date, indicate pre-tax profits of approximately \$30 million representing a return on their ODC-assisted investment of about 30 per cent.
104. *Mr. Pitman*—Enquiry of the Ministry—1. How much money has been borrowed since January 1, 1969, from financial institutions by each of the 38 county boards of education in order to meet current expenses. 2. What is the total interest paid on these borrowings. 3. What percentage of this amount is as a result of the tardiness or lack of co-operation on the part of municipal authorities.

Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. What is the legal status of this Bank's "Cardholder Agreement", that is, is it a binding contract or is it null and void.

Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. How does this density compare with the density recommended by the Metro planning board for the Malvern Project. 4. Were such funds continued following the visit of the Accreditation Committee. 6. What were the reasons the Accreditation Committee did not approve Boy's Village. 7. Were the agencies that used Boy's Village facilities notified of these reasons. 8. Has the Department of Health undertaken to determine if the conditions which caused the non-accreditation continue to exist. 9. Could the Minister assure the House that those conditions no longer exist. 10. What was the amount of money spent by the Department in the years 1967, 1968 and 1969 on Public Relations Services Ltd., regarding Warrendale, Brown Camps, Browndale and John Brown. 11. On what basis does the Director of Child Welfare or her agents presume to place children in such facilities, without medical assessment or control. 12. Would the Minister spell out his Department's current program and philosophy for the treatment of emotionally disturbed children who come to the attention of the Department from its various agencies and branches, specifically Indian children, children of those people who are recipients of General Welfare Assistance, children referred by the Children's Aid Societies, etc. 13. How many such children have found other than training school placement. 6. What is the recidivism rate for all children in reform institutions over the last 5 years. 7. Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. What happens to these children after they leave the Ontario Hospitals.
95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. For example, what is the real comparison for 1969-70 to vote 506 (with 7 items) in 1968-69 entitled "Information Branch". Will the Minister provide this detailed comparable budget data before he introduces his 1969-70 Estimates into the Legislature.
96. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What action does the Minister of Financial and Commercial Affairs intend to take against the Canadian Imperial Bank of Commerce in view of the following actions by that Bank: The Canadian Imperial Bank of Commerce sends out unasked-for Chargex Credit Cards to residents of Ontario, including myself. These credit cards are not sent with the protection of registered mail. If these unasked-for credit cards are lost in the mail or stolen en route, anyone can sign them with the name imprinted on them. Anyone could purchase goods using the credit card without the knowledge of the person to whom it was sent by The Canadian Imperial Bank of Commerce. The Canadian Imperial Bank of Commerce states in the "Cardholder Agreement" that "In the event of any credit card being lost or stolen, the cardholder will promptly notify the Bank, in writing, to that effect and unless and until such notification is received, *the cardholder will remain responsible for payment of all indebtedness incurred through use of such credit*". What protection does the Minister's Department plan to provide to consumers who are presently being pestered by The Canadian Imperial Bank of Commerce. - 1969-70. What were the Minister of Education's personal total (estimated) travelling expenses for 1968-69 and what are his total (estimated) travelling expenses for 1969-70. What were the total (estimated) maintenance expenses of the Department of Education for 1968-69 and what are the total (estimated) maintenance expenses for 1969-70. Will the Minister provide this comparable information for 1968-69 and 1969-70 before he introduces his 1969-70 Estimates to the Legislature.
98. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What courses of study are sponsored jointly between Ryerson Polytechnical Institute and the Provincial Government as provided for under sub-section (c) of section 3 of The Ryerson Polytechnical Institute Act, 1962-63. How many students are enrolled in such courses.
99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware that Professor Starkman of the California Air Resources Board, believes that an efficient gas turbine can be developed for domestic automobiles by 1975, and that pressure ought to be brought to bear to achieve this goal. 4. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. Is the Minister examining current California legislation with a view to drafting similar stringent legislation applying to Ontario. 7. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.

102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, sub-section 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLEVISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What are the implications of the above answers in regard to the possibility of Provincial censorship of television programmes originating within Ontario and not carried beyond the Province. 5. In your opinion, are such programmes *ultra vires* of the Federal power.
103. *Mr. Peacock*—Enquiry of the Ministry—1. What were the total costs—fees and expenses—of the project report “The Impact of the Equalisation of Industrial Opportunity Program” prepared for the Ontario Development Corporation by Stevenson and Kellogg Ltd., Management Consultants. 2. Does the project report’s estimate of \$3.5 million in annual Ontario corporate income tax to be paid by those companies receiving ODC forgiveness loans to date, indicate pre-tax profits of approximately \$30 million representing a return on their ODC-assisted investment of about 30 per cent.
104. *Mr. Pitman*—Enquiry of the Ministry—1. How much money has been borrowed since January 1, 1969, from financial institutions by each of the 38 county boards of education in order to meet current expenses. 2. What is the total interest paid on these borrowings. 3. What percentage of this amount is as a result of the tardiness or lack of co-operation on the part of municipal authorities.
105. *Mr. Shulman*—Enquiry of the Ministry—How many letters did the Minister of Energy and Resources Management receive in response to the advertisements run by Pollution Probe over the last two weeks.
106. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Will the Minister of Education name—before Friday, November 7, 1969—each and every group (and the size of their respective grants) which he has decided are to receive grants under vote 501, item 8, “miscellaneous grants”, sub-section “miscellaneous (to be paid as may be directed by the Minister)”.

Will the Minister of Correctional Services table those regulations which govern the care and treatment of children in reform institutions. 8. When were these regulations last revised, and by whom. 9. 95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. Will the Minister investigate the dual-fuel system now in use in 128 experimental Consumers' Gas fleet cars in Los Angeles, whereby natural gas is used in urban areas and gasoline only on the highways. 6. 102. *Mr. Ben*—Enquiry of the Ministry—1. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLE-VISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. What is the number of inspectors from the office of the Director of Institutions who supervise the care and treatment of children in the various centres. 10. Would the Minister designate who is responsible for assessing the appropriateness of placement, the readiness for discharge, the need for special therapeutic assistance, the need for special educational programs or other specialized needs that children may have, from time to time, within the institutions. 11. Would the Minister indicate the form in which these assessments are made. 12. How many Indian children are there in the reform institutions. 13. What are the home communities of these children. 14. 95. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—What are the comparable estimates of the Department of Education for 1969-70 in terms of the 1968-69 votes and items. That is to say, using the budgeting and accounting categorization of the 1968-69 Estimates which included 22 separate votes (501 to and including 522) what are the estimated increased or decreased expenditures for 1969-70 which could be validly compared to each of the 1968-69 votes and items in each vote. 99. *Mr. Ben*—Enquiry of the Ministry—1. Is the Minister of Energy and Resources Management aware of the Bill tabled by Senator Nicolas Petris, now in Committee in the California State Legislature, that would ban reciprocating internal combustion engines in automobiles by 1975. 2. Is the Minister aware that Speaker Howard F. McKissick, Junior, has introduced a similar Bill into the Nevada State Legislature. 3. Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5. 102. *Mr. Ben*—Enquiry of the Ministry—1. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLEVISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. How many different contracts have so far been let on this project north from Wiarton. What were the names of the successful contractors and unsuccessful bidders in each case, with amounts.

102. *Mr. Ben*—Enquiry of the Ministry—1. Now that CATV systems are themselves producing, originating and delivering programmes wholly within Ontario on one of their channels, can such activity be isolated as a “local work and undertaking” within the meaning of Section 92, sub-section 10(a), of the British North America Act. 2. Bearing in mind that the tuner on each home receiver isolates such programming from all other programmes carried by the cable, is a CATV company still an integral trans-Provincial unity as so regarded prior to local originations in RE PUBLIC UTILITIES COMMISSION AND VICTORIA CABLEVISION LTD. (1965) 51 D.L.R. (2d) 716, 52 W.W.R. 286. 3. Are CATV companies which contract with the Bell Telephone Company in a different legal position now than those who string their own cable. 4. In your opinion, are such programmes *ultra vires* of the Federal power.
103. *Mr. Peacock*—Enquiry of the Ministry—1. What were the total costs—fees and expenses—of the project report “The Impact of the Equalisation of Industrial Opportunity Program” prepared for the Ontario Development Corporation by Stevenson and Kellogg Ltd., Management Consultants. 2. Does the project report’s estimate of \$3.5 million in annual Ontario corporate income tax to be paid by those companies receiving ODC forgiveness loans to date, indicate pre-tax profits of approximately \$30 million representing a return on their ODC-assisted investment of about 30 per cent.
104. *Mr. Pitman*—Enquiry of the Ministry—1. How much money has been borrowed since January 1, 1969, from financial institutions by each of the 38 county boards of education in order to meet current expenses. 2. What is the total interest paid on these borrowings. 3. What percentage of this amount is as a result of the tardiness or lack of co-operation on the part of municipal authorities.
105. *Mr. Shulman*—Enquiry of the Ministry—How many letters did the Minister of Energy and Resources Management receive in response to the advertisements run by Pollution Probe over the last two weeks.
106. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—Will the Minister of Education name—before Friday, November 7, 1969—each and every group (and the size of their respective grants) which he has decided are to receive grants under vote 501, item 8, “miscellaneous grants”, sub-section “miscellaneous (to be paid as may be directed by the Minister)”.
107. *Mr. Sargent*—Enquiry of the Ministry—Will the Prime Minister advise where he gets the right to spend public funds (“matching dollar for dollar re-Malton explosion”)—to bail out an explosion caused by a private company.

Is the Minister aware of the finding of the Opinion Research Corporation of Princeton, New Jersey, that a poll of a representative cross-section of American public opinion shows 62% to be in favour of banning the reciprocating internal combustion engine in automobiles completely by 1975, so as to force auto makers to press ahead with the research, development and manufacture of alternative propulsion systems. 5.
